

# DAMATI

**20 years** of being leading manufacturers  
of reusable plastic food containers

**PRODUCT  
CATALOGUE  
2023**

## ABOUT US

Damati, established in **2003**, specializes in manufacturing and export of all types of Plastic products, primarily supplied to a significant clientele in the Food Packaging Industry.

Founded and owned by **Mr. Sunil K. Parwani**. Damati is a family run business that has steadily grown to be recognized as a market leader in the Food Packaging Industry, for its range of multi-purpose products.

At Damati, our vision is to be recognized as a leading plastic takeaway food containers manufacturing company providing quality product. We strive to maintain long term relationships that are rewarding and favourable to all involved. Damati is devoted to a culture of endless development.

“We are humbled by Damati being recognized as a global name in the food packaging industry. Our experience in the industry, and the facilities we are operating, give us the added benefit of acting as an OEM supplier to companies that source plastic products of any specifications. Our vision is to supply quality products for various industry applications, and grow with our vendor and client partners.”

**MR. SUNIL PARWANI - FOUNDER**

## OUR MISSION

Our mission is to deliver high-quality products along with plastic food containers with lids, that exceed our customers’ expectations. We strive for innovation while building ethical relationships with our customers and suppliers, through our products, to achieve long-term success.

## Why Damati?

We at Damati productively benefit from **20 years** of experience in the domestic market and international market.

Constantly innovating alongside the market, Damati stays up to date with technology and designs. We relentlessly strive to achieve customer satisfaction by staying in sync with relevant technology and design updates worldwide, resulting in high-quality products for our end users.
