## ABOUT US

Damati Plastics, founded in 2003 by Mr. Sunil K. Parwani, specializes in manufacturing and exporting reusable plastic products for the food packaging industry. Recognized as a market leader, the company offers a range of multi-purpose products supported by advanced infrastructure, including in-house mold making and product manufacturing.

Our mission is to deliver high-quality, innovative plastic food containers that exceed customer expectations while fostering ethical relationships with customers and suppliers. We are committed to continuous development and long-term success.

“We are humbled by Damati being recognized as a global name in the food packaging industry. Our experience in the industry, and the facilities we are operating, give us the added benefit of acting as an OEM supplier to companies that source plastic products of any specifications. Our vision is to supply quality products for various industry applications, and grow with our vendor and client partners.”

**- MR. SUNIL PARWANI (FOUNDER)**

## WHY DAMATI?
